

My 5-Year Career Roadmap

Career Goal(s)

Become a skilled full-stack software engineer, working at a FAANG company

Year 1 (Current Year 2 of Study at NTU)

Goal / Target for the year

Develop technical skills through projects and internships, while expanding my network.

Year 1
Completed!

July 2025

Summer
Break
(May – July
2025)

Jan 2025
(Y2 S2)

Winter
Break
(December
2024)

Aug 2024
(Y2 S1)

Build up Front-end
Software Skills
Steps taken to achieve
goal/target:-

- 1) Complete online ODIN project to build up relevant Front-End skills: HTML, CSS, react.
- 2) Spend 30min a day to read up on relevant industry blogs and forums to follow industry trends.

Learn a new Front-End
framework
Steps taken to achieve
goal/target:-

- 1) Spend 1hr every 2 days learning Angular through online tutorials
- 2) Explore GitHub repositories to study existing Angular projects for practical insights.

Create a personal portfolio
website
Steps taken to achieve
milestone:-

- 1) Spend 3 hours on Sundays to code the website
- 2) Spend 2 hours on weekdays to gather inspiration from existing portfolio websites to define my style.

Intern at a SME/Start-up
Steps taken to achieve
goal/target:-

- 1) Check and apply on internship portals once every 2 days
- 2) Meet career coaches at NTU CAO to gain insight on my resume
- 3) Go for networking events

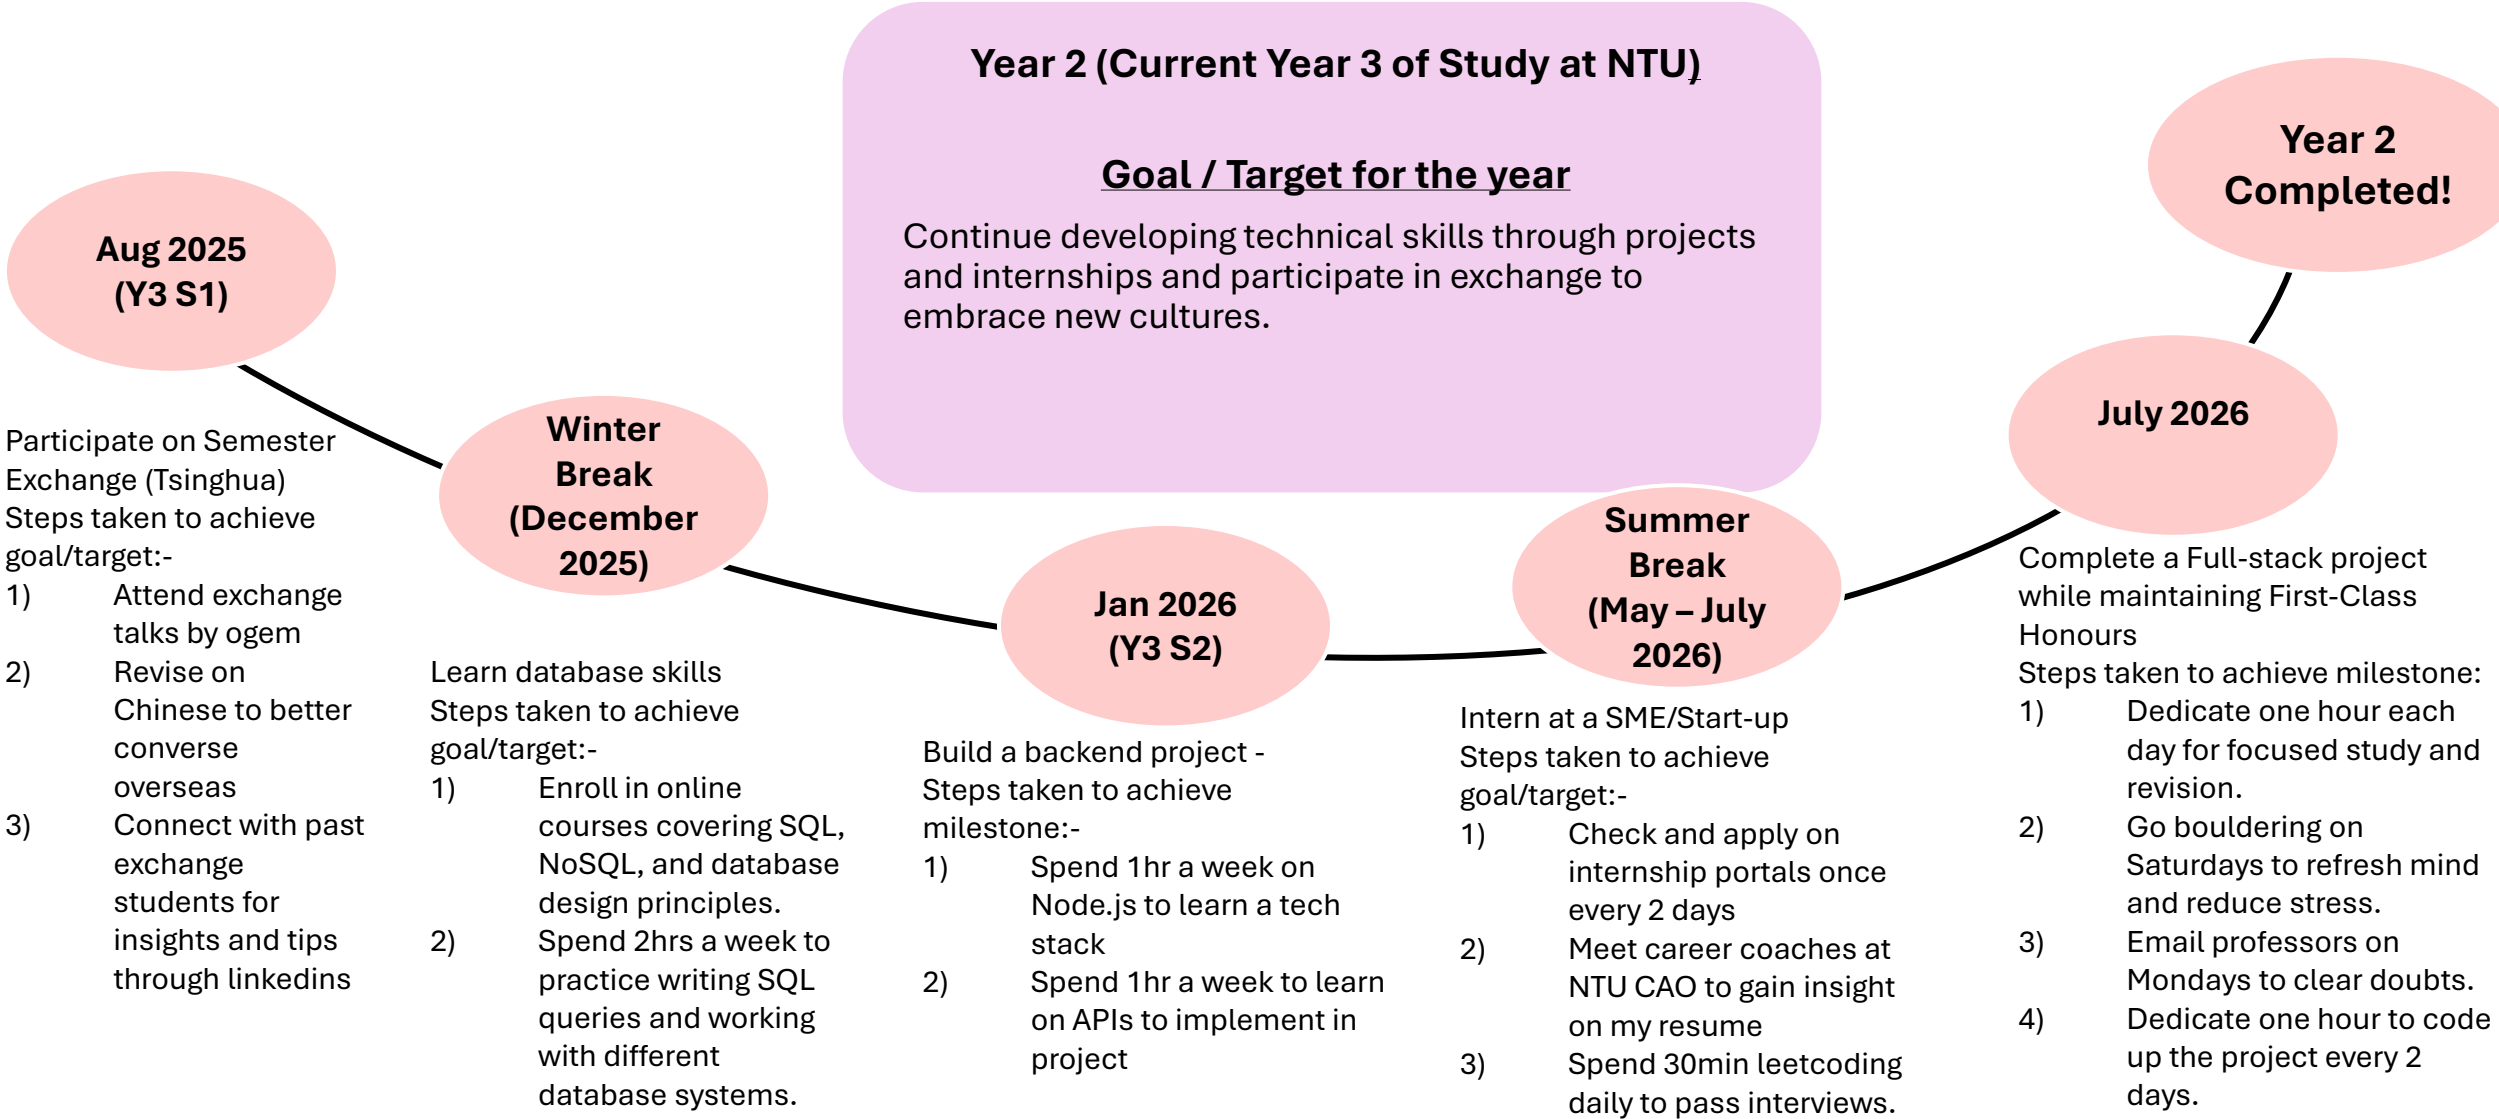

Complete URECA and maintain
First-Class honours
Steps taken to achieve milestone:

- 1) Consult with my URECA professor every fortnight for feedback on progress
- 2) Set aside 1 hr of revision every day to study
- 3) Go bouldering on Saturdays to keep mind fresh and reduce stress.
- 4) Consult with peers on Sunday about knowledge gaps.

My 5-Year Career Roadmap

My 5-Year Career Roadmap

Career Goal(s)

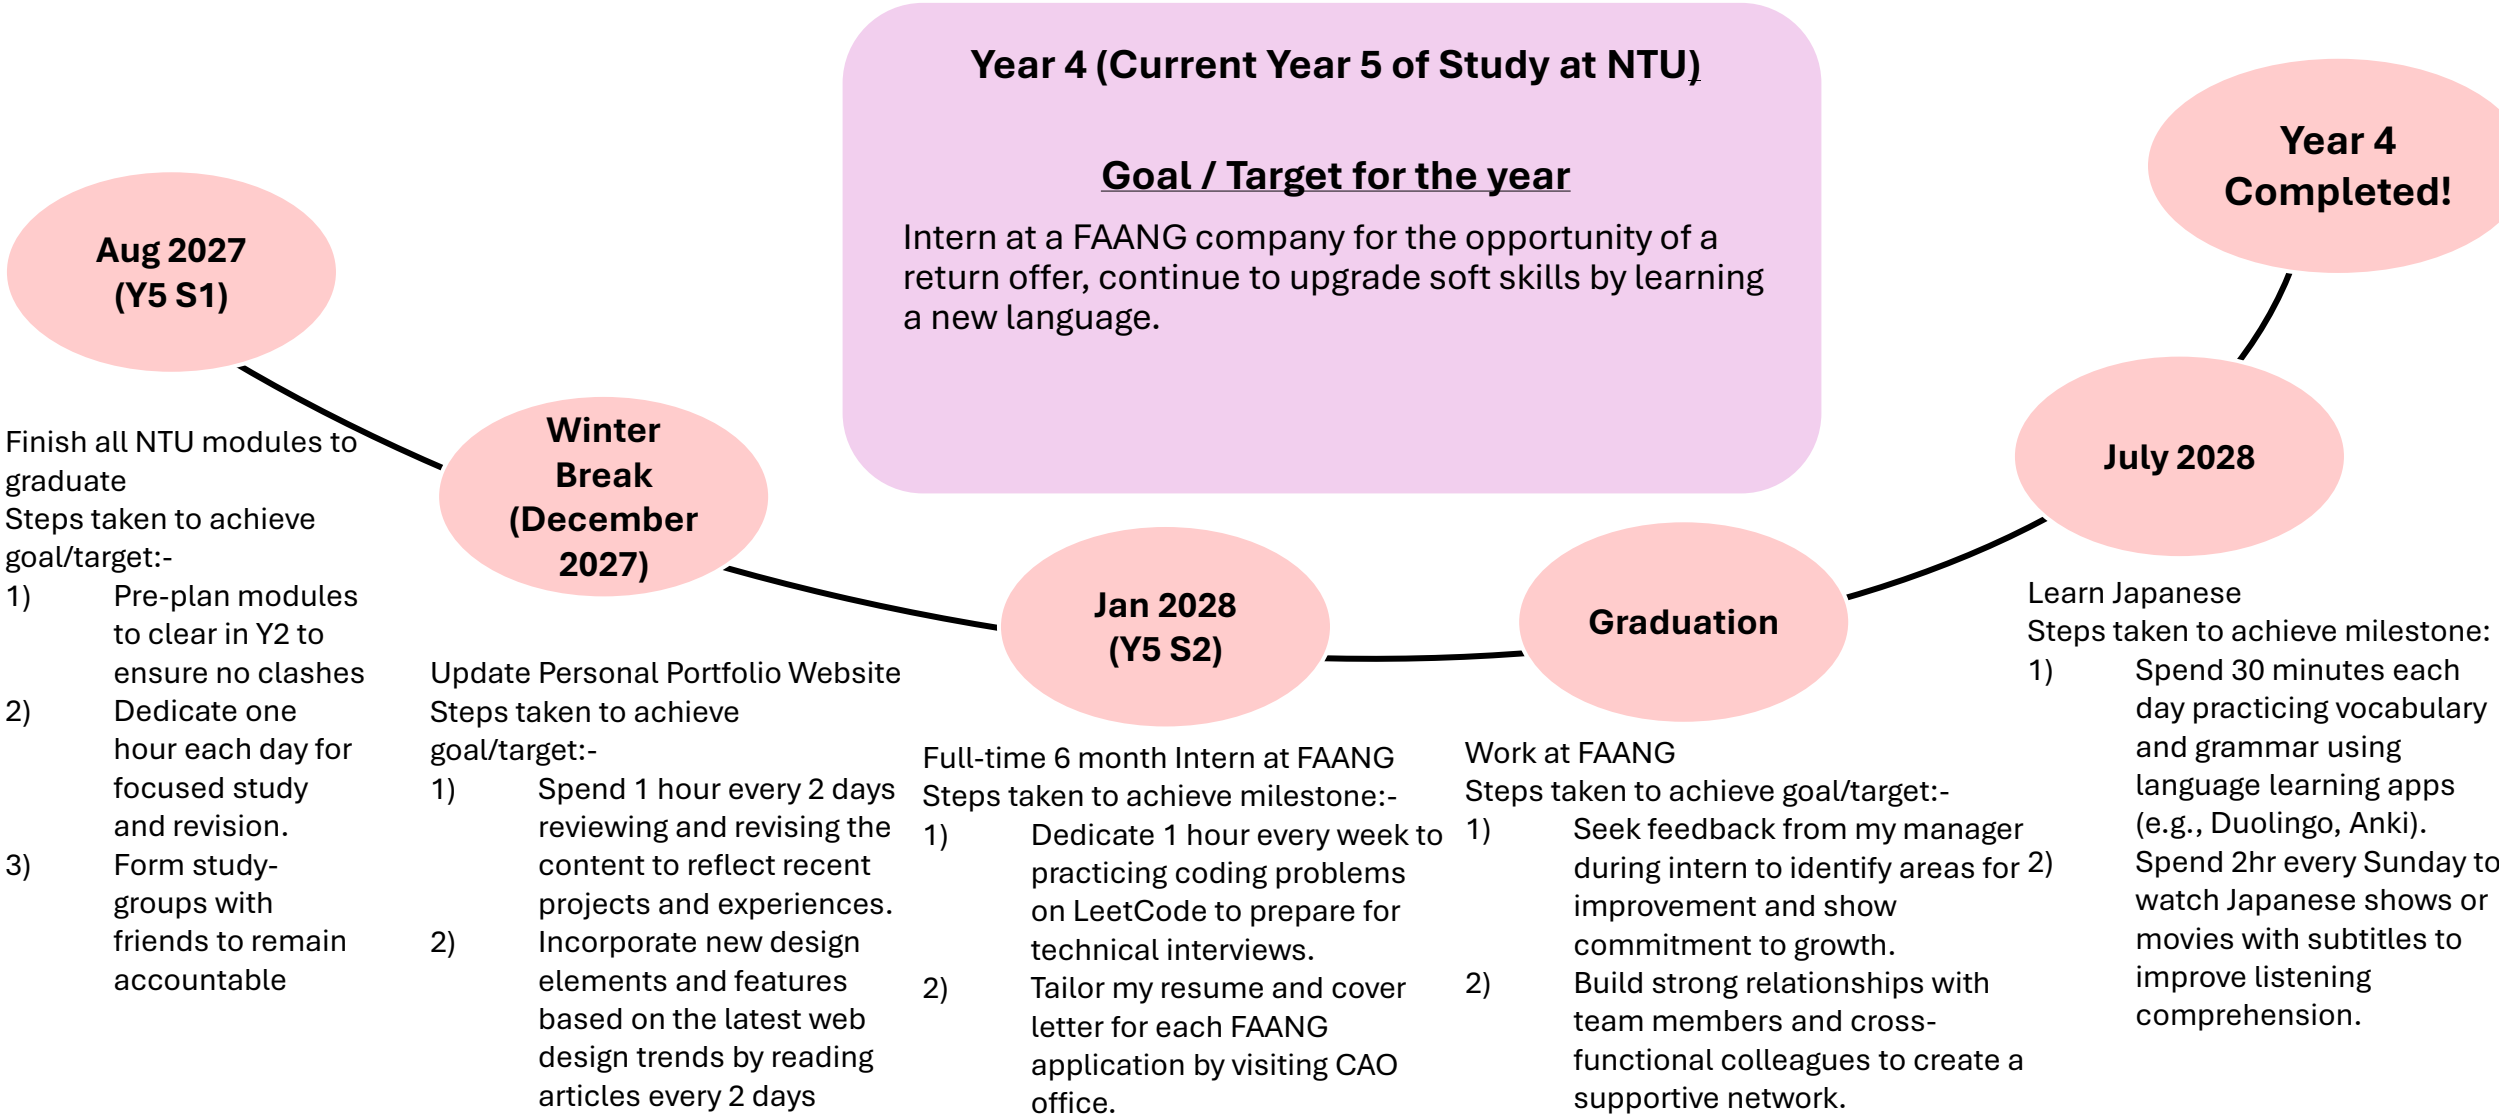

Become a skilled full-stack software engineer, working at a FAANG company

Year 5 (1 year after graduation from NTU)

Goal / Target for the year

Work at a FAANG company as a software engineer and work towards a promotion as well as BTO

Year 5 Completed!

Aug 2028

Take on larger projects at work
Steps taken to achieve goal/target:-

- 1) Identify opportunities within ongoing projects where I can contribute more significantly and propose solutions or improvements.
- 2) Discuss career aspirations with my manager to express interest in handling larger projects and seek guidance on necessary skills.

December 2028

Travel overseas (Japan)
Steps taken to achieve goal/target:-

- 1) Create a travel savings plan by setting aside 200 each month.
- 2) Spend 2 hours every week planning for the trip to ensure a smooth experience.
- 3) Practice Japanese every weekend

Jan 2029

Enhance technical skills
Steps taken to achieve milestone:-

- 1) Spend 3 hrs every weekend to learn a new backend framework
- 2) Complete at least two small projects using the new skills to apply what I've learned

May-July 2029

Work towards a promotion
Steps taken to achieve goal/target:-

- 1) Take on larger projects by showing initiative
- 2) Attend relevant training or workshops to enhance my skills and knowledge related to project management and technical expertise.

July 2028

Apply to BTO
Steps taken to achieve milestone:

- 1) Research and select preferred BTO projects based on location, pricing, and available amenities.
- 2) Set reminders for application dates and regularly check the HDB website for updates on BTO launches and application procedures.
