

Section 6: Career Roadmap

Career Roadmap (15%)

Objective

The **5-year Career Roadmap** aims to help you develop a strategic plan for your professional development. This roadmap will outline the key milestones, goals, and action you will take to achieve your career aspirations.

How to create your 5-Year Career Roadmap:

1. You can use the PowerPoint template (download from the Main Course Site) to prepare your 5-year career roadmap.
2. From the 3 Lives you have brainstormed in Tutorial 3, choose one career to prototype and test out in your 5-year Career Roadmap.
3. The 5-year Career Roadmap should consist of a breakdown of your plans as follows: -
 - The Career Roadmap should be broken down by year, from Year 1 – Year 5.
 - Year 1 should be your current year of study – e.g. if you are currently in Year 2 of your course of study, this is to be reflected under Year 1 of the 5-Year Career Roadmap.
 - The starting point of Year 1 of your Career Roadmap will be from the semester you start your ML0004 course, and each year is a duration of 12 months. (ie Semester 1: Aug 2024 – July 2025 or Semester 2: Jan 2025 – Dec 2025).
 - In each year of the roadmap, you can choose to breakdown by month, quarterly or by semester, and list out your plans and milestones accordingly.
4. You can modify the layout of the given template to suit your planning needs. Should you prefer to use your own roadmap template, ensure all needed elements, i.e. Career Goals, Objective for the Year, Major Milestones, Steps / Tasks and Timeframe (month/year), are included in the roadmap.

5. Use SODA to plan your progress during your studies as it would help you to:
- Set SMART goals.
 - Define specific, measurable, attainable, relevant, and time-bound (SMART) goals for each milestone.
 - Ensure that your goals are realistic and align with your career aspirations.
 - Use the provided template to structure your goals effectively.
 - Outline action steps:
 - Break down each goal into actionable steps to help you progress towards its achievement.
 - Identify the resources, activities, and timelines required for each action step.
 - Consider any potential challenges or obstacles and how you will overcome them.
 - Reflect on the alignment:
 - Reflect on how your career roadmap aligns with your initial career choice and the insights gained from the informational interview.
 - Evaluate whether your roadmap adequately addresses your chosen career field's necessary skills, experiences, and milestones.

Items to be submitted for the Career Roadmap Assignment:

1. 5-Year Career Roadmap:

- The 5-Year Career Roadmap is to be uploaded onto the tutorial site.
 - Turnitin link to submit the Career Roadmap assignment can be located under [Submission: Individual Assessments] section -> Career Roadmap Submission
- File Format: PDF file
- Naming convention: **Tutorial Class_Full Name_Module Code_CRoadmap**
 - e.g., T001_ElizaRosario_ML4_CRoadmap

Important Note:

If you complete your Roadmap assignment via Canva, please export them in PDF format. For PDF format, do not flatten or include notes when you download it.

When uploading your PDF assignment into Turnitin, **you should not**

- 1) Save the whole roadmap in 1 jpeg or png format and paste into a word document before converting to PDF.
- 2) Save the whole roadmap in 1 jpeg or png format and paste into a PPT slide before converting into PDF.

2. Academic Integrity Declaration Form:

- Download the Academic Integrity Declaration Form from the Main Course Site
- Naming convention for the declaration form: **Tutorial Class_Full Name_Module Code_CRDecla**
 - e.g., T001_ElizaRosario_ML4_CRDecla
- Complete the Academic Integrity Declaration Form and submit via link on tutorial site
 - [Submission: Individual Assessments] section -> Career Roadmap - Declaration of Academic Integrity form Submission
- Assignments without a signed Academic Integrity Declaration Form will not be accepted for marking.

SUBMISSION DEADLINE: Week 10, 24 Oct 2024 (Thu), 23:59hr.

Career Roadmap – Rubrics for grading criteria:

- **Weightage - 15%**

Criteria	Poor (1)	Satisfactory (3)	Excellent (5)
1. Clarity and Structure (2%)	The career plan is unclear and poorly structured, making it difficult to understand the individual's career goals and aspirations. It lacks a logical flow of ideas and actionable steps, and important details are missing or insufficiently addressed.	The career plan is clear and generally well-structured, with a logical flow of ideas. It provides a solid overview of the individual's career goals and aspirations, along with actionable steps, although some aspects may be less detailed or lack clarity.	The career plan is exceptionally clear, well-organised, and easy to follow. It demonstrates a logical flow of ideas and presents a comprehensive overview of the individual's career goals, aspirations, and actionable steps.
2. Alignment with Goals (3%)	The career plan does not effectively align with the individual's career goals, values, and interests. The proposed actions and steps are not clearly connected to these aspirations, and the plan lacks a cohesive direction.	The career plan shows a good alignment between the individual's career goals, values, and interests. It reasonably explains how the proposed actions and steps contribute to achieving these goals and fulfilling personal aspirations, although some connections may be less evident.	The career plan demonstrates a strong alignment between the individual's career goals, values, and interests. It clearly articulates how the proposed actions and steps will help achieve these goals and fulfil personal aspirations.
3. Realistic, Authentic and Achievable (6%)	The career plan is superficial, unrealistic, disregarding the individual's current skills, qualifications, or external factors. The proposed actions and steps are not feasible or lack a practical approach. The timeline for implementation is unrealistic or absent.	The career plan is mostly authentic, realistic, taking into account the individual's current skills, qualifications, and external factors. The proposed actions and steps are generally feasible, although some may require further development or adjustment. The timeline for implementation is reasonable and practical.	The career plan is highly authentic, realistic and demonstrates a clear understanding of the individual's current skills, qualifications, and external factors. The proposed actions and steps are feasible and well-suited to the individual's circumstances, with a practical timeline for implementation.
4. Personal and Professional Development (4%)	The career plan neglects the importance of self-development, lacking any mention of specific skills or knowledge.	The career plan acknowledges the importance of self-development and identifies relevant skills, knowledge, or experiences the individual aims to acquire or develop. It outlines strategies for self-improvement, although some aspects may be less detailed or less connected to career goals.	The career plan includes a robust self-development component, identifying specific skills, knowledge, or experiences the individual aims to acquire or develop. It demonstrates a thoughtful approach to continuous learning and growth, with clear strategies for self-improvement.

Declaration of Academic Integrity Form – Career Roadmap

The GAI policy included in the ML0004 Course Outline:

Leveraging on Generative Artificial Intelligence (GAI) Tools

NTU's position is that we should equip students with the knowledge and skills to use these AI technologies productively, ethically and critically and to help them sharpen their cognitive skills by synthesising ideas, performing in-depth analysis, and working creatively. Students are expected to continue practising high academic and professional honesty and integrity standards.

You may use GAI programs (e.g., ChatGPT) to help in your work, such as to generate ideas and to improve your writing. However, you should be aware that the materials generated by GAI programs may contain inaccuracies and be incomplete. Please be aware that the use of GAI may also stifle the development of your skills in writing as well as creative and critical thinking. Please note that contributions from GAI programs must be appropriately quoted and cited every time they are used. Failure to do so is considered a violation of academic integrity.

Please make a proper declaration in the “**Declaration of Academic Integrity**” if you employ any GAI programs to help in your work and submit the supporting document(s) as required.

DECLARATION OF ACADEMIC INTEGRITY

Please fill in the required information and sign to indicate that you have read and accepted the following statements. Your assignment will not be accepted without this declaration.

By listing my name and signing below, I confirm that:

1. I have read and understood the [University Code of Conduct](#), including the information on practices concerning [academic integrity](#). In the attached coursework submission, I have worked within its expectations.
2. I am aware that failure to act in accordance with the University Code of Conduct may lead to the imposition of penalties, which may include the requirement to revise and resubmit an assignment, receiving a lower grade, or receiving an F grade for the assignment, suspension from the University or termination of my candidature.
3. I consent to the University copying and distributing any or all of my work in any form and using third parties to verify whether my work contains plagiarised material and for quality assurance purposes.
4. I have uploaded the Career Roadmap assignment on the tutorial site.

To check the following where applicable:

- ☐ I confirm that the submitted work is substantively produced and completed by myself, and I did not use any Generative Artificial Intelligence (GAI) programs (e.g. ChatGPT, AdCreative etc.).
- ☐ I confirm that the submitted work is substantively produced and completed by myself. However, I have used GAI programs in the following manner to complete the work:
 - To generate ideas/insights, synthesise information, and other similar uses (I have included the prompts used in the GAI programs using a separate document)
 - To review, refine and/or suggest ways to improve my original work (I have submitted both my original writing and the revised writing by the GAI programs with time stamps, including the prompts used)
 - Others (I have elaborated on our use of GAI programs using a separate document)
